International Forum on Medical Imaging
in Asia (IFMIA) 2025

**March 20-21, 2025,
Kagawa International Conference Hall,
Kagawa, Japan**

1st CALL FOR PAPERS

The International Forum on Medical Imaging in Asia (IFMIA) is a forum for academic researchers, biomedical scientists and engineers, and clinicians in all Asian countries to exchange new ideas and the latest developments in the medical imaging field. This forum has been held nearly biyearly since 2007.

Topics of interest include, but are not limited to:

◎ Medical Imaging and Reconstruction Theory (CT, MR, X-ray, US, PET, SPECT, OCT, Biological image, Histological Image, etc.)
◎ Medical Image Analysis (Segmentation, Registration, Feature extraction, etc.)
◎ Computational Anatomy and Computational Physiology
◎ Computer-aided Diagnosis
◎ Computer-aided Surgery and Therapy (Medical robots, Surgical and Interventional Systems, etc)
◎ Radiogenomics / Radiomics
◎ Visualization, Interactions, Virtual/Augmented Reality, and Simulations
◎ Medical Informatics (PACS, IHE, Telemedicine, E-health, etc.)
◎ Deep Learning in Medical Imaging

Abstract submission

Submit a 200-300 word text abstract with title and authors by January 10, 2025 via the conference website. All submitted abstracts will be peer reviewed by the IFMIA 2025 Program Committee. The contact author will receive notification of acceptance by e-mail no later than January 20, 2025. Accepted papers will be sorted between oral and poster presentations and assigned a location within the conference schedule. No revisions to submissions are possible after the submission deadline – no exceptions. The abstract book will be delivered to all participants via conference website.
